General Statement

Millbrook Healthcare is committed to delivering good environmental practices throughout its business operations. Key to this is the implementation of the 'Waste Hierarchy', which puts the most emphasis on Waste Prevention, followed by Re-use, Recycling, Recovery, and finally Disposal.

As part of the Company's commitment to protecting the environment and reducing waste, it has adopted the following specific aims:

- To cultivate a work ethic with a high level of awareness of waste management issues, and waste minimisation
- To identify service solutions that reduce waste arisings and resource consumption.
- Encourage the use of recycled and reclaimed materials, including materials derived from sustainable sources.
- To reduce uncoverable waste streams in use across the business to as low as reasonably practicable
- Where possible, procure materials that are non-hazardous.
- Minimise waste through the reuse and repair of equipment and materials.
- Segregate all wastes to maximise their recycling potential.
- Segregate WEE

This Policy will be reviewed at least annually and revised as necessary to reflect changes to the business activities and legislation. Any such changes will be brought to the attention of

all stakeholders and interested parties. This policy will routinely be audited to ensure that it remains relevant and appropriate to the Company.

A copy of this policy is available on its intranet systems as well as its website:
